August 9, 2021

Family medical physician Dr. Dan Stock delivered a six-minute lecture to the Mt. Vernon School Board Meeting on the coronavirus and historic failures of the CDC and Indiana State Board of Health.

Doctor Stock delivered a magnificent takedown of fickle Dr. Fauci and the jokers at the CDC. Dr. Stock opens with this statement that we all know is true we were just waiting for some expert to say it out loud, “It’s hard to believe that we are 18 months into this and we still have a problem and I would argue that we still have a problem because we are doing things that are not useful. Everything being recommended by the CDC and State Board of Health is actually contrary to all the rules of science.”

Dr. Stock then goes into a lecture on the disease. is informing and educating the school board about how coronaviruses impact health, and specifically why the current COVID-19 virus mitigation efforts are futile. The video will not likely be allowed on Google-YouTube for long. It is already going viral with over 50,000 views.
